

PRESS RELEASE  
FOR IMMEDIATE RELEASE

Richmond, VA -- The founding members of EnLab, L.L.C. are pleased to announce the launch of a new company called EnLab. They are set to officially open for business on March 1, 2013.

Serving the city of Richmond, Virginia and its surrounding area, EnLab is a new efficiency consulting firm, looking to serve the community by way of affordable green energy and data solutions to area businesses. The process is consulting with the businesses, and conducting an energy audit, in order to find the best way they can increase efficiency and save the business money. After this process, the business would then become "Green Certified". Once a company becomes "Green Certified", it allows them to attract new customers, keeps operational costs down, and makes your brand more attractive to potential consumers. EnLab can help your business achieve those standards.

For more information, you can contact EnLab at (804) 372-5221, visit them at <http://enlab.co>, or email [info@enlab.co](mailto:info@enlab.co).
